

Rock Your Socks

World Down Syndrome Day is observed across the world each year on March 21st to celebrate, advocate, and increase awareness on the positive contributions persons with Down syndrome (DS) have on our communities.

Why March 21st?

Because its the 21st day of the 3rd month,
selected to signify the 3rd copy of the 21st chromosome
that individuals with DS rock!

Our school wants to join the celebration!

Come to school this WEDNESDAY, MARCH 21st rocking your
BRIGHTEST, most **COLORFUL**,
mismatched or **spunkiest** socks
to celebrate the unique differences that make
our schools brighter!!
